University Student Support Services

Support is available for those currently at university and are struggling. Contact your university's student support services to seek support.

Disabled Students' Allowance (DSA)

DSA is a fund that can provide additional support and assistive technology to support undergraduates or postgraduates at university. The university student support service can guide students through the process.

Currently DSA requests evidence of a disability. For neurodevelopmental conditions it will ask for a medical practitioner to provide a post-16 diagnostic report. If a person's mental health has been impacted for 12 months or longer, it is possible to obtain support on this basis. Please ask your GP to complete this form.

Health Services

Adult Neurodevelopmental Service

The Neurodevelopmental Service is a specialist service consisting of a highly skilled multidisciplinary team responsible for the assessment and diagnosis of neurodevelopmental disorders including autism spectrum disorder (ASD), attention deficit hyperactivity disorder (ADHD) and dyspraxia (as a co-occurring disorder).

Eligibility Criteria

You would be eligible for our service if you are registered with a GP in Coventry or Warwickshire, are over 17 years of age, have no known learning disability and are not currently under the care of Acute or Community Mental Health Services. You would not be eligible for an ASD assessment with our service if you have been previously diagnosed with ASD. You would not be eligible for an ADHD assessment with our service if you have previously had a diagnosis of ADHD.

Please speak to your GP about a referral to the Neurodevelopmental Service. Your GP will ask you to complete a brief questionnaire an AQ10 for Autism and an ASRS for ADHD. Both are available on the internet. The GP will also need to include the impact of the suspected ASD or ADHD which will give us more information about your difficulties.

The Recovery and Wellbeing Academy

The Recovery and Wellbeing Academy has helpful information on self-care and self-management courses for your mental health and wellbeing for people living in Coventry and Warwickshire. The course categories mirror that of the Dimensions of Health and Wellbeing. If you are unsure which courses or areas may benefit you, please use the Dimensions tool to create your own wellbeing report.
